

3rd Annual **Diaper Need Awareness Week**
DIAPER DRIVE

SEPT. 26 – OCT. 7, 2016

Nearly **5.3 million children** in the U.S. under the age of 3 suffer from diaper need and are susceptible to increased health risks as a result.

“With limited access to clean and dry diapers, some children could spend a day or longer in one diaper, leading to significant potential health risks!”

— Rep. Rosita C. Youngblood

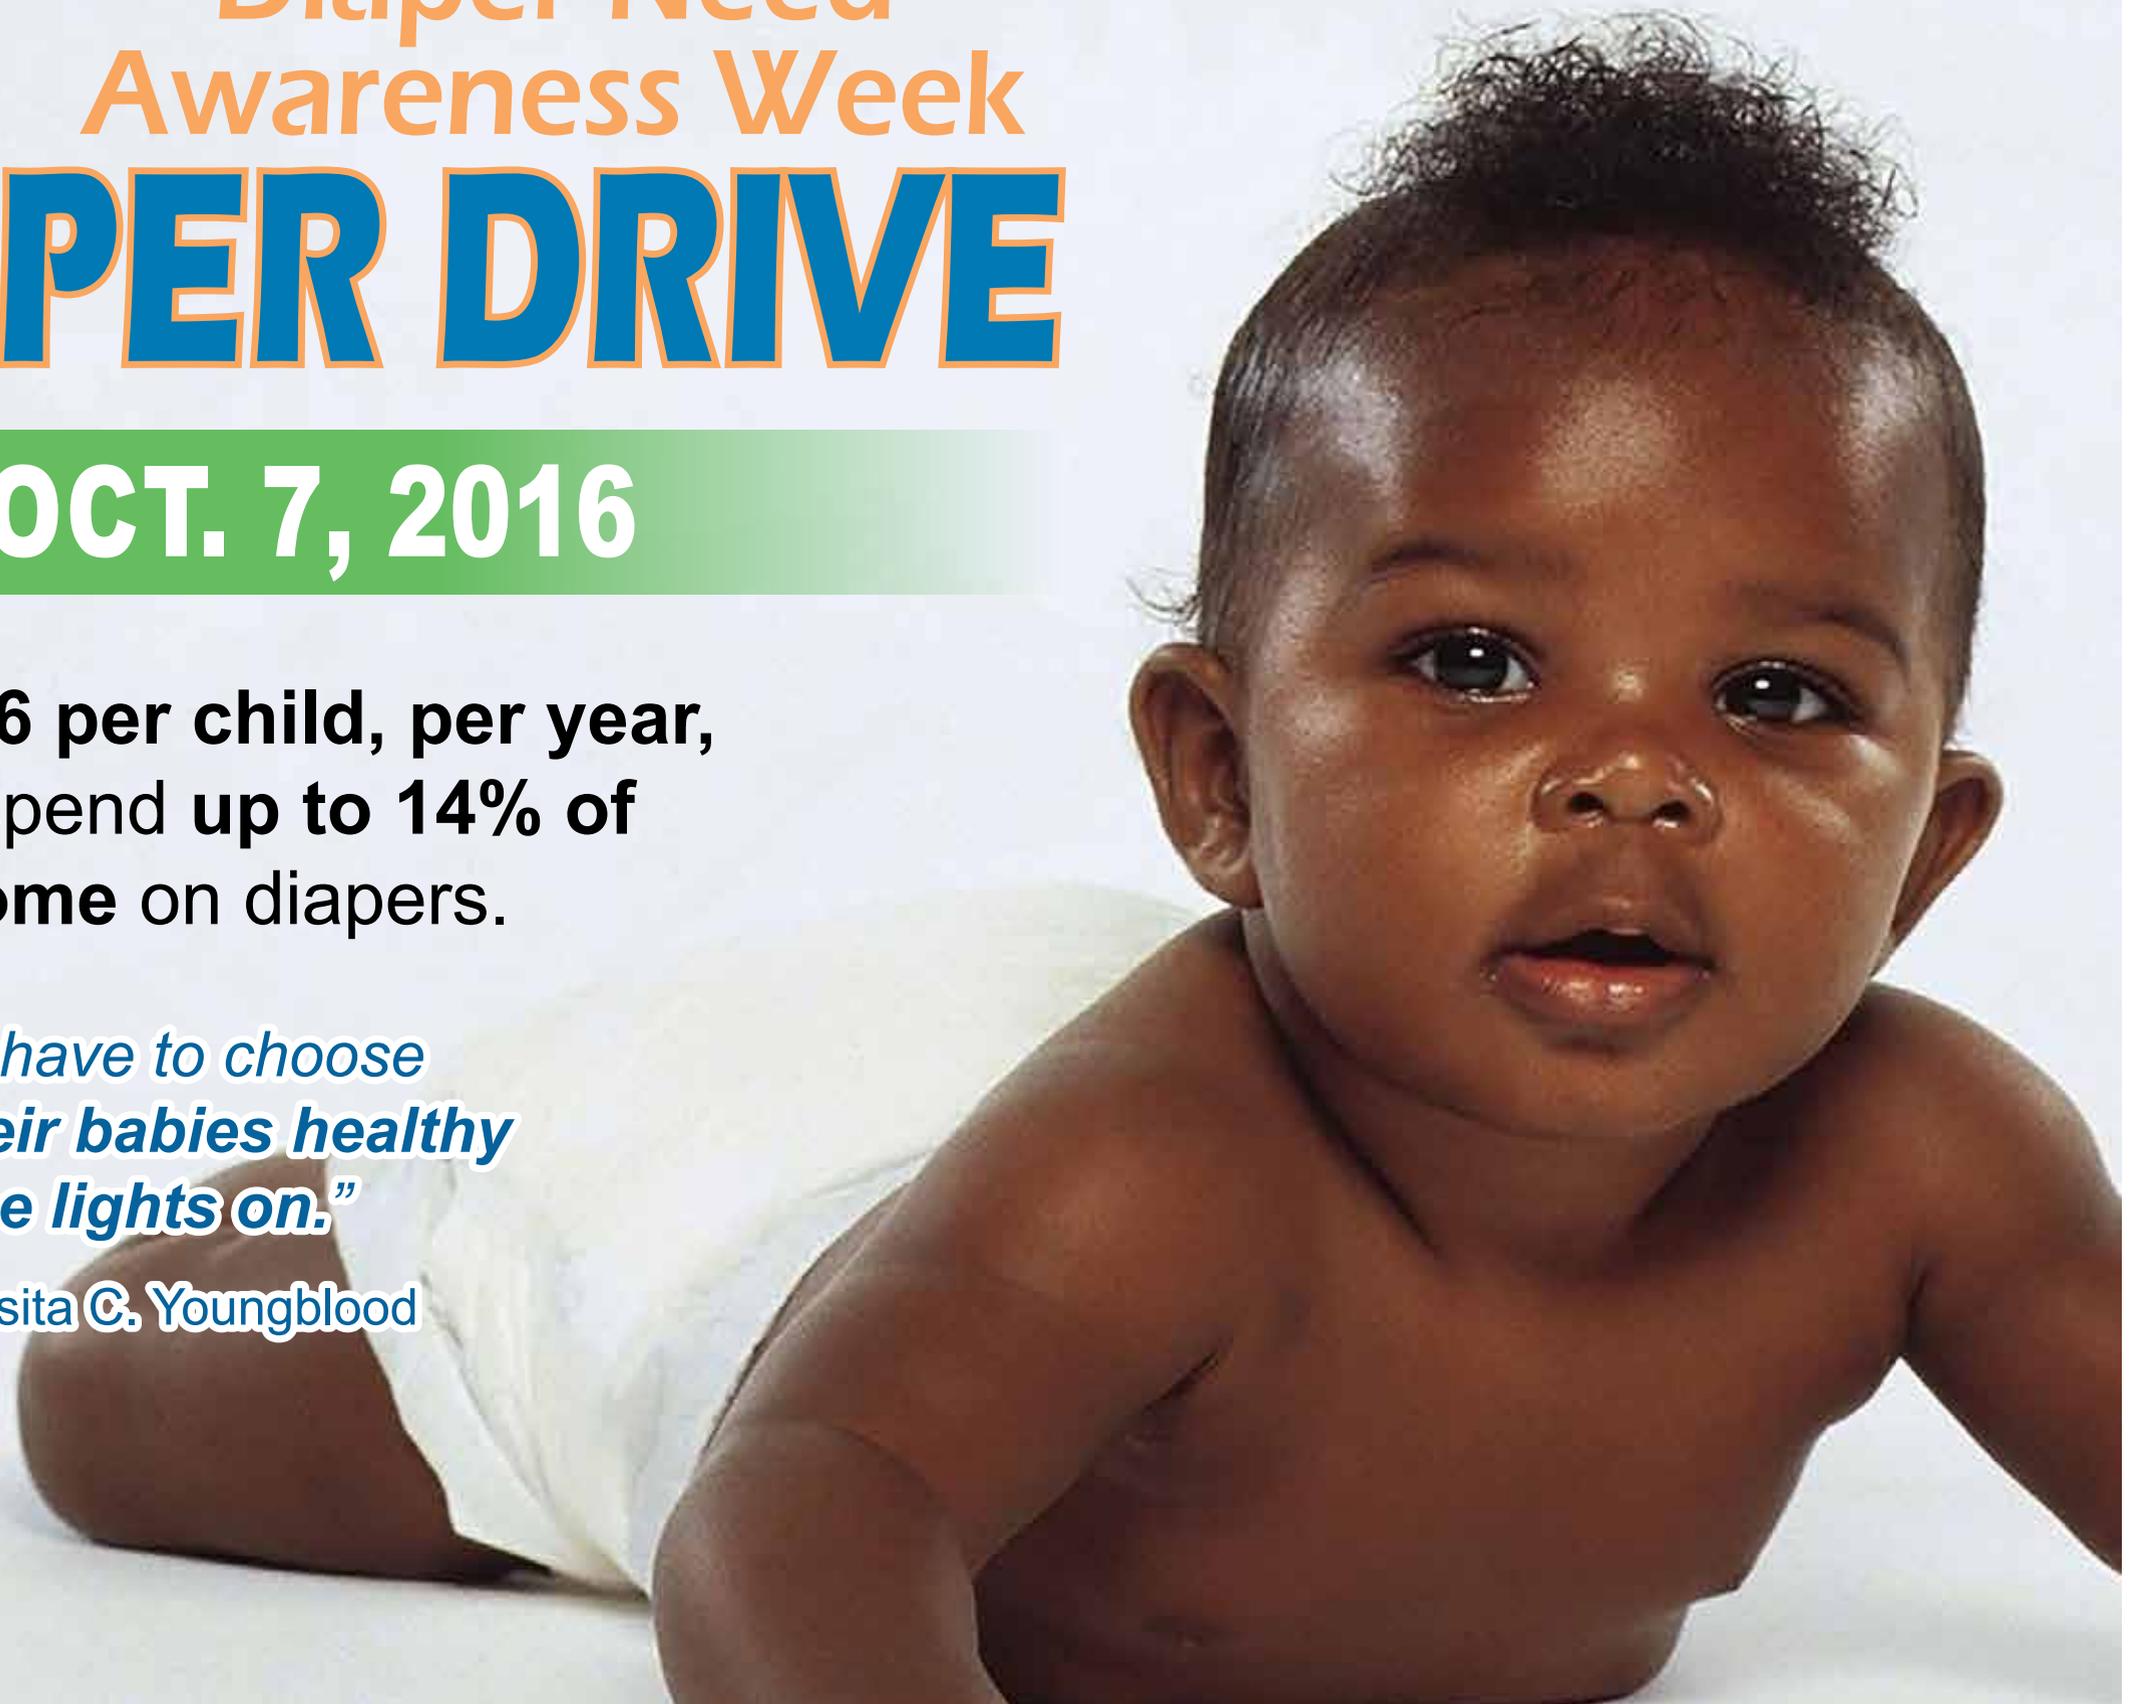

3rd Annual **Diaper Need Awareness Week**
DIAPER DRIVE

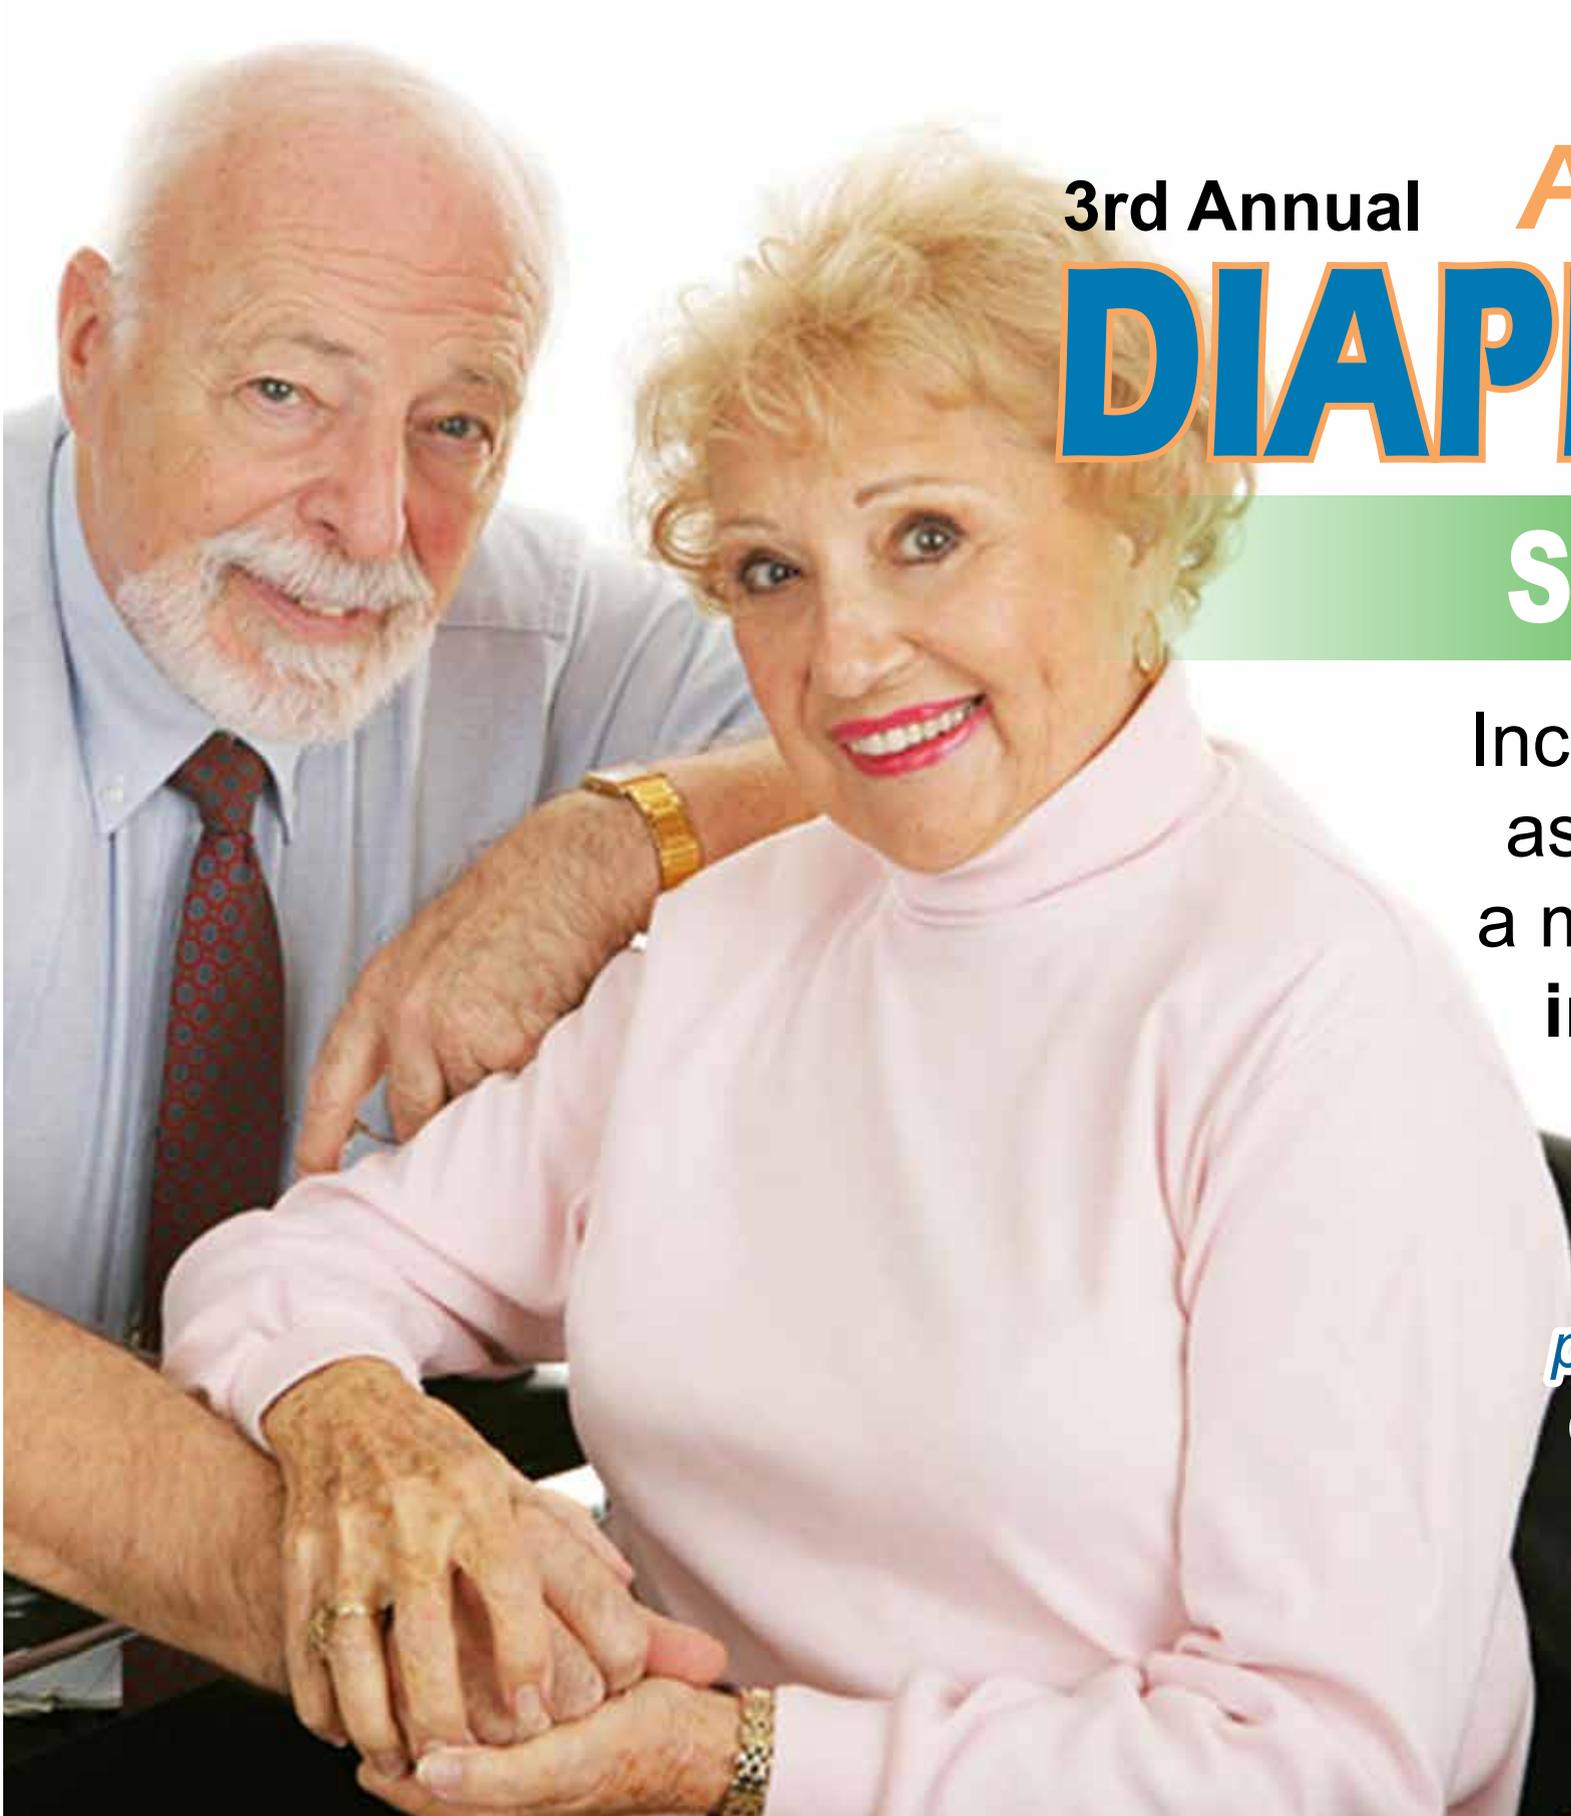

SEPT. 26 – OCT. 7, 2016

At a cost of roughly **\$936 per child, per year**, some families could spend **up to 14% of their annual income** on diapers.

*“No family should have to choose between **keeping their babies healthy** OR **keeping the lights on.**”*

— Rep. Rosita C. Youngblood

DIAPER DRIVE

Diaper Need
Awareness Week

SEPT. 26 – OCT. 7, 2016

Incontinence products could cost as much as **\$1,000 a year**, which often serves as a major **financial burden to seniors and incontinent adults** on fixed incomes.

*“For seniors and incontinent adults, the **lack of clean disposable undergarments poses serious health risks that could lead to extended hospital stays and even death.**”*

— Sen. Daylin Leach
