

# Discover the Joys of Learning at The Department of Education Child Care Center

Learning starts with counting fingers and toes. Before you know it, it is chapter books and multiplication tables. In between are the building blocks of early education, where young children establish the foundation for a lifetime of learning.

At the **Department of Education Child Care Center** your child will be cared for in a loving and nurturing environment by experienced and dedicated teachers. Our carefully crafted programs are age appropriate, all with the goal of encouraging curious, happy, and confident children, who fully experience the joys of childhood.

At the Department of Education Child Care Center, a **Governor's Model Child Care Program**, our early education & preschool experience includes:

- Innovative curriculum that guides children through each age and stage, empowering them to become confident, successful, lifelong learners
- Health, safety, and security policies that meet or exceed state and local standards.
- STAR 4 rating by the Pennsylvania Keystone STARS Program
- Accreditation by the National Association for the Education of Young Children (NAEYC)
- Experienced child development professionals with the training to guide and nurture each child
- Strong parent/teacher communication and partnerships
